

# Infection Control in Aged Care

Insist on Whiteley products for your aged care needs

**Whiteley**   
Medical

[www.whiteley.com.au](http://www.whiteley.com.au)

**Whiteley Medical has the infection control and cleaning solutions required. With the population now living longer there is an increasing number of**

## Odour Control

**A health problem, such as incontinence, is a common occurrence amongst older people. Whiteley Medical can provide carers with the products necessary to clean up after an incident has occurred.**

### Odacon Incontinent Spray

- Highly efficient deodouriser for incontinence and human excrement
- Eliminates a common cause of urine smell by neutralising urine and faecal odours
- Significantly reduces offensive odours
- Water based and non-irritant to skin. Designed for safe use where regular contact with normal skin may become a part of the management of incontinence patients
- Non flammable

### Florogen Concentrated Air Freshener

- Kills 99.9% of odour causing bacteria
- Effectively deodorises for 24hrs or longer in some areas
- Has long lasting deodorisation
- Available in three fragrances: original, lavender and frangipani

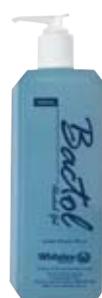

### Mr Nomarks Fabrisan Carpet and Upholstery Deodouriser

- Highly effective in neutralising and removing persistent urine odours
- Contains natural Australian Tea Tree Oil
- Dries to a non-staining, non-toxic crystalline powder that can be easily vacuumed away

## Skincare

**As we get older our skin tends to require extra special attention. Both aged care residents, and their carers, can keep skin soft and hygienic by using a combination of products in Whiteley Medical's extensive skin care range.**

### Bactol Alcohol Gel Waterless Hand Rub

- Waterless, alcohol based hand cleanser
- Contains Macadamia Oil to replenish the skin's natural lipids which are removed by alcohol. Leaves hands hygienic, soft and replenished
- Maintains skin integrity

### Dermalux Everyday Hand and Body Wash

- A hand soap specifically designed for people who wash their hands frequently
- Leaves hands feeling soft and supple, with the delicate fragrance of peaches
- Contains an ultra mild soap with added moisturisers that help to prevent skin from drying out

### Dermalux Soft Towel Lotion

- Developed to compliment the Dermalux Soft Towel Bath procedure – a superior 'in bed' patient bathing system that offers a number of significant benefits over the conventional sponge bath technique
- Cleanses and refreshes skin whilst maintaining skin integrity, without dryness or irritation
- Leaves the skin feeling fresh, clean and invigorated

red to create a safe and hygienic environment in Aged Care facilities.  
elderly who need specialist attention in aged care facilities.

# Cleaning and Disinfection

Aged care facilities are often susceptible to outbreaks of dangerous bacteria and viruses. Whiteley Medical has the cleaning and disinfection products required to ensure the health of aged care residents is protected.

## Speedy Clean Hospital Grade Neutral Detergent

- Ideal for cleaning surfaces and equipment in the aged care environment
- Fast drying, leaving surfaces streak free
- Registered as a Class 1 Medical Device  
ARTG no. 125529

## Speedy Clean Wipes Hospital Grade Neutral Detergent Wipes

- Easy to use 'wipe'
- Fast drying, leaving surfaces streak free
- Developed using novel polymer technology to leave surfaces resistant to resoiling after use
- Registered as a Class 1 Medical Device  
ARTG no. 125529

## Viraclean Hospital Grade Disinfectant

- Kills a broad range of pathogenic organisms
- Disinfection of all hard surfaces
- Does not contain phenolics, chlorine or Glutaraldehyde
- Will not cause staining on fabrics or carpet
- Has a neutral pH and is 100% biodegradable

## Instrumax Pink Instrument Grade Disinfectant – Low Level

- Australia's only instrument grade disinfectant – low level
- Proven to kill a broad range of pathogenic bacteria
- Suitable for use on Non Critical Medical Devices such as stethoscopes, thermometers, blood pressure cuffs, and nebuliser face masks
